

## From Neighboring Woods to Neighborhoods

Central Wood Products is a manufacturer/wholesaler of bulk wood mulch products. To ensure the highest level of cleanliness, all of our colored mulches and Rec-Step certified playground material are processed and stockpiled directly onto paved surfaces. In addition, our products are derived solely from virgin trees (no pallets or recycled lumber are included in our mulch products). CWP offers a variety of natural, non-toxic colored and imported mulches.

- **Uniform coverage & vibrant colors**
- **Distinctive cuts & consistency from load to load**
- **Environmental friendly products**

Mulch is a natural covering placed around the bottoms of plants, shrubs & trees. It prevents the growth of weeds, reduces erosion and water loss and helps to regulate the soil temperature. Once decomposed, mulch also improves the soil quality.

## Benefits of CWP

- **Full Load Capacity**
- **Quality Control**
- **Virgin Wood Material**
- **Wide Selection of Products**
- **Fast & Reliable Service**

**CALL US TO ORDER: 763-753-7888**
